HELLO & WELCOME TO OUR LOCAL COMMUNITY NEWSLETTER!

If you have anything you would like included in the Newsletter, please contact Susan McGloin at smcgloin@live.com.au. Deadline for the August 2025 issue is Friday 25th July. No responsibility or liability will be assumed for any errors or omissions in the content of this newsletter. All information is provided as verified, in good faith.

WET WINTER DAYS

We've had to wait a while, but the rain has come. How long it will be around and for how long, who knows. We thank Mother Nature for what she has given us and hope it makes a difference.

A Special General Meeting was held at the Hallett Town Hall on Wednesday 18th June 2025 at 6pm to allow HCSA members to vote on 10 Special Resolutions.

All members were advised by mail regarding this meeting and the 10 Special Resolutions to be discuss.

The meeting was attended by 21 members and 20 Proxy votes received.

The following 10 Special Resolutions were voted on:

1. That the Historic Hallett Grandstand located at the Hallett Oval be restored to a safe and usable state. Outcome – Motion **Failed**
2. That the HCSA committee will develop a regular building maintenance programme, this is to be tabled at each AGM detailing the planned work and cost associated with each planned works project for the year ahead. Outcome - **Passed**
3. That 6 additional powered sites are installed at the Hallett Campground Hallett Oval for use by Caravanners and Campers making a total of 8 powered sites. Outcome – **Failed**
4. That the toilet and shower facilities at the Hallett Campground Hallett Oval be upgraded. Outcome – **Failed**
5. That the HCSA members can only sit on the HCSA committee for a maximum of 3 terms (6 years).

Members can become eligible again to sit on the committee after having a 6-year hiatus. Outcome – **Passed**

6. Golf course holes 1 – 9 redeveloped and landscaped and the planting of trees to beautify the area with access to increased sites for Campers. Outcome – **Failed**

7. That the Supper Room in the Hallett Town Hall is painted a neutral colour. Outcome – **Failed**

8. 2 x Picnic Tables to be installed at the Memorial Gardens. Outcome – **Passed**

9. That the female toilet facilities inside the Hallett Hall be upgraded. Outcome – **Failed**

10. That the committee meeting is open to members to observe. Members may ask questions in the General Business section of the meeting only and must not interfere with the running of the committee meeting. Any member who breaches may be expelled in accordance with section 8 of the HCSA Constitution 2013. Outcome – **Failed**

All members were advised by mail and again at the Wednesday 18th June meeting of the next meeting on the 20th of June for the new HCSA Committee to be elected. Nomination forms were to be lodged to Tristan Caines prior to the start of the meeting.

HALLETT COMMUNITY AND SPORTS ASSOCIATION
INCORPORATED GENERAL MEETING HELD ON FRIDAY
20TH JUNE AT THE HALLETT TOWN HALL

16 members of the HCSA were present for the voting in of the new HCSA Committee. 10 positions were declared vacant with 9 nominees. The new HCSA committee is:

Whyte Yarcowie Wind Farm

Dear resident,

We are pleased to share that the Renewable Energy Infrastructure Licence (REIL) application for the Whyte Yarcowie Wind Farm is now out for public consultation.

The REIL application has been prepared under the *Hydrogen and Renewable Energy Act 2023* to assess the environmental impacts of the proposed project, and the statement of environmental objectives (SEO) provides transparency about the licensee's required environmental performance.

You can access and view the project's Environmental Impact Report (EIR) and Statement of Environmental Objectives (SEO) at the Department for Energy and Mining's (DEM) consultation website for the project: <https://www.energymining.sa.gov.au/whyte-yarcowie-wind-farm>.

Instructions on how to make a submission can also be found on this website. <https://www.energymining.sa.gov.au/industry/hydrogen-and-renewable-energy/hydrogen-and-renewable-energy-act/public-consultations>.

The public consultation period for the Whyte Yarcowie Wind Farm will close on 01/08/2025.

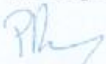

At the conclusion of the consultation period, DEM will collate the submissions and may request the Whyte Yarcowie Wind Farm project team to respond to matters raised in submissions.

Following the project's response to the community and government agency submissions, the Minister for Energy will decide whether to grant the project a Licence, as well as any conditions which apply to the granting of a Licence.

For further information on the approvals process REILs, please visit the Department for Energy and Mining website: <https://www.energymining.sa.gov.au/industry/hydrogen-and-renewable-energy/hydrogen-and-renewable-energy-act>.

For regular project updates please see our project website, or contact us via the project email or toll-free number below.

Kind regards,

Pat Deveney

Burning in town? Know the Laws

- If you burn in townships there are a number of laws you must follow, or penalties apply.
- We must maintain good air quality in our communities for everyone's enjoyment, and to protect those that have health concerns and may be sensitive to smoke. We must not cause a nuisance to neighbours.
- Council recommend you use your **FOGO** bin, community green waste piles, a Council Waste Transfer Station, or alternate lawful options for the disposal of the waste
- Council do permit burning in townships outside of the fire danger season. However, smoke from these activities can impact on human health and the environment and can also cause nuisance. All reasonable steps must be taken to minimise these effects. The conditions you must adhere to for burning inside townships are:
 - Burns only to occur between 9am and 5pm on any day.
 - All neighbours likely to be affected are to be notified prior to light up as to not cause nuisance.
 - Sufficient water must be on hand to extinguish the fire immediately should necessity arise.
 - The fire must always be supervised by an adult at all times it is alight and must be completely extinguished before it is left.
 - If you are asked to extinguish the fire because someone is affected that has not been notified, you are to comply.
 - Only timber or a derivative thereof can be burnt, and an accelerant **MUST NOT** be used.
- All materials to be burnt should be dead and completely dry. No green material should be burnt. The enclosed South Australian Country Fire Service Vegetation Pile Burning Code of Practice provides more information on the matter and should be adhered too
- For more information follow the link to our website

May/June Report 2025

Hallett crews responded to 4 Incidents through

1. Rescue from heights - Jamestown
2. Machinery/Workshop Fire – Canowie Belt
3. Vehicle Accident – Belalie East
4. House fire – Mt Bryan

Now we are out of the fire ban season and well into winter we ask residents to be aware of their indoor heaters, here are some tips for keeping safe.

1. Keep any items that can burn well clear of heaters and fires. Clearance from clothes, bedding, furniture, curtains, and other combustibles ideally should be two metres.
2. Clothes airers placed around or near heaters are a high fire risk. If clothing needs to be dried inside it is far safer to locate the clothes airer in a room with no heater but a good air flow. A clothes airer can be placed in a heated room only if it is well clear of the heater – a minimum of two metres.
3. Turn heating equipment off when you leave the house
4. Children and pets must always be supervised when heaters and fires are in use.
5. Never run gas powered outdoor heaters inside as they require significant ventilation and can cause carbon monoxide poisoning in a short space of time.

For more information on indoor heating safety go to:

<https://www.mfs.sa.gov.au/community-safety/safety-and-education/fact-sheets/home-heating>

We would also like to remind drivers of kangaroos on roadsides. Be extra careful at night particularly at dawn and dusk. Drive a bit slower if you know that there are kangaroos in the area, it might take an extra 10 minutes to get home but that's better than not having a car and waiting on the side of the road for help!

WHAT TO PLANT IN JULY

We have had the start to our Winter rains, Lake Eyre is filling, and a chill is in the air. It seems the season has finally changed, and our wood fires are now working overtime to make us comfy. Now the soil has a bit of moisture, it's time to get out in the garden planting.

Here is what to plant in your gardens during July:

Vegetables:

Asparagus, Beetroot, Broccoli, Cabbage, Carrott, Kale, Lettuce, Onion, Peas, Potato, Radish, Rhubarb, Spinach, Spring Onion, Swede, Thyme and Turnip.

Flowers:

Billy Buttons, Cerinthe, Cleome, Marigold and Mignonette.

Happy Planting!

I was sad to hear that the Burra Garden Centre ceased trading on Sunday 22nd June. Bev and Nic were always so friendly and helpful whenever I was looking for plants. I wish them well for the future and hope we might see them reopen one day, if the climate allows.

The Regional Council of Goyder have been hard at work filling in the old Swimming Pool.

It will be interesting to see what develops in this area in the future.
